I have lived in Oregon since I was 16 years old and I'm 61. I loved Oregon. I was proud to call it my home. We can't afford any more taxation. My husband and I are getting ready to retire. We would like to retire in the home we bought 34 years ago, but with the current legislators and Governor we are afraid we are going to have to sell our home and move as we can't afford to live in the state of Oregon. I don't think anybody can. Please stop taxing us! I don't get a raise every time I need money. I have to cut back, find new ways, pull up my boots and make what I have work. I think our government should do the same !!You have taxes on top of taxes on top of taxes. Cut the fat. Our state parks look like s*** our BLM is not doing their jobs and keeping the homeless people from burning up our countrysides. Trim. The fat cut your wages. I vote no on any new taxes
