

Submitter: Shaun Valiquette

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

This state is so ridiculously taxed I can barely afford my disgusting mortgage. Food, power, water, and everything else you selfish people tax us to death on, over 20 thousand dollars of my money is taxed and wasted and this garbage state wants more and more. How about you say no so us Oregonians can continue to scrape by and barely provide a life for our families.
