

Submitter:

Kimberlee Long

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

HB3390

This bill is not for the best of current or future Oregonians. Many are leaving this state due to these policies and the disregard our elected officials seem to have for those they are meant to represent. This is not the solution and will create more problems that will continue to impact Oregon citizens that can not continue to shoulder the burdens these tax policies are placing on them.
