Measure, Appointment or Topic: HB2025

I am writing this letter in opposition of this horrible tax bill. Oregonians are sick and tired of paying more and more every year in taxes. This tax also shows that ODOT has had no accountability to stay in their budget. More and more businesses are leaving this state due to taxes and not being a business friendly state, along with citizens due to the over taxing we are receiving. Oregonians have had enough, when will you stop?
