Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please.stop. There are so many issues that need your attention and focus rather than overtaxing hardworking Oregonians! Please focus on our youth, education, family court reform (be like Arizona) , economic development and become friendly to businesses so they stop leaving this state. Giving this much money to ODOT with no accountability, plan, or end in sight regarding endless spending is an insult to every single taxpayer in Oregon. Please Vote no on this runaway spending.
