

Submitter: Laurleen Scholz

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please do not do this to families and seniors. Costs are already outrageously high. People must choose between eating and paying the rent. We cannot afford to have additional taxes burdening us. Focus instead on cutting waste, fraud and abuse. With more money in our pockets, the economy will thrive and the end results will be more tax revenue without hurting us all.
