Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I strongly OPPOSE this bill.

The whole process from the development and introduction of the bill, it's content, discussion and most recent developments with Sen Wagner moving the Transportation Committee members in and out of the committee (including himself), Gorsek's derogatory comments and the general attitude of democratic leaders who never have enough of taxpayers money is OUSTANDINGLY SHOCKING, UNDEMOCRATIC AND ABSOLUTELY DISRESPECTFUL TOWARDS THE OREGONIANS.

ENOUGH IS ENOUGH!!! Your utopian dreams cost me and my family too much already! NO more taxes! Absolutely NO tolls! NO increases in fees! Enough!!!
