

Submitter: Doris Richardson

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

We have to live with a budget. Oregon government needs to function with the money they already receive. All these taxes, restrictions, new laws are total overreach of the government. Not one of these taxes is going to make life easier for the struggling people of Oregon. The Oregon government needs to stop destroying the hard working people of Oregon.
