Measure, Appointment or Topic: HB2025

I stephenie ward oppose this bill. We Oregonians do not want any new taxes. Please consider what majority of Americans voted for and stop funding illegals. Stop funding the able bodied. We Americans are going to be needing those jobs illegals do when cuts to medicaid and food stamps get cut. Also our children could use some better skills - let 3-12 graders pitch in, i onow my nine year old daughter thinks it fun to help, thats the time to introduce work ethics and let them help. Don't pay by the hour , pay by the pound .
