

Submitter: Gary Martin

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

This legislation will not help Oregonians in any way and is nothing more than a tax hike to allow Salem to spend. ODOT has proven it can't provide the needed services to operate efficiently and Salem has proven it can't manage ODOT in an efficient manner. This is bad legislation and must be defeated.
