Measure, Appointment or Topic: HB2025

As a working mom in the state of Oregon, I urge you to oppose this bill. The cost of living in our state is already high, making it difficult to balance a budget from month to month, even just to meet the basic needs of a family. HB 2025 would only make this harder for everyone by increasing taxes, automatically decreasing the percent of their paychecks that men and women bring home each month.

I understand that ODOT is struggling with their budget, but increasing taxes so egregiously on Oregonians will not fix their problems, especially since this bill does not have safeguards to ensure that money is being spent wisely.

For these reasons, I urge you to vote NO on HB 2025. Thank you.
