Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I opppse new fees and taxation on Oregons citizens. You're running our state into the ground people and businesses r leaving. This is not sustainable. Vote no to this monstrosity! If you a tally cared about affordable and healthy living you'd stop jacking up fees, taxes, no tolls, etc. Oregons has natural resources. Use your head and not your greed. Where is your morals for the Oregon citizens you work for?
