

Submitter: Brian Echerer
On Behalf Of: Representing anyone with an ounce of sense
Committee: Joint Committee On Transportation Reinvestment
Measure, Appointment or Topic: HB2025

Please stop with this nonsense. Join the side of sensible public policy. This kind of policy is stealing Oregonian's prosperity only to create more bureaucracy which is to say is only self serving. This does not enhance citizens lives, it unduly burdens us. Stop it or you will pay a political price, ask Rep Gorsek. Vote no on this bill.
