Measure, Appointment or Topic: HB2025

I am very much opposed to HB2025. This is nothing more than a money grab by the Democrats in the Oregon legislature. The Democrats only know one way to govern and that is "Tax and Spend." After COVID everything became more expensive and the proposed increases in HB2025 will only add fuel to the fire. This is not a good piece of legislation and I encourage a "NO" vote on HB2025. Thank you.
