

Submitter: Roger Duyck

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I strongly oppose any more new taxes for Oregon residence we the people of Oregon have had enough of the our representatives continually raising taxes to better themselves with NO regard to the hard working people of Oregon. If the current administration continues to push these bills through with no regard to the people's voice there will be consequences.

Again... NO new taxes and I STRONGLY oppose this bill.

Signed FRUSTRATED Roger
