To whom this may concern,

Enough is enough! I would be more willing to support a tax increase if I knew my tax dollars were being spent properly in the first place. This state has no accountability, or transparency when it comes to managing tax dollars. I would like to see a bi-partisan committee charged to identify ways to cut unnecessary spending before we decide to fleece Oregon's citizen's once again. People are running away from this beautiful state in droves due to the already high cost of living. I'm a native Oregonian and am saddened by the direction we are headed. If we keep increasing taxes then our children will never realize the dream of owning their own home.

Please show some accountability and don't rush to raise taxes without examining the tax revenue you already have!
