

Submitter: Wayne Fanno

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Greetings. I'm in strong opposition to HB 2025. A bill of this size and impact is happening too fast, and without the opportunity for citizens (of whom you claim to represent) to understand the true costs and benefits of the measure. Passing this bill is bad government. Please vote no and regroup for the next session. Thank you.

Wayne Fanno, Ph.D.
