Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Nearly 20 new taxes & fees

Gas tax up 12¢—making it one of the highest in the nation

350% increase in car sales taxes

Triple the tax on your paycheck

\$11.7 BILLION out of your pocket over the next decade

It is already outrageously expensive to live in Oregon. We are taxed beyond the means of most people. If the agenda is to entice more people and businesses to move out of the state then by all means pass this. Otherwise, like Dutch Bros, businesses are going to exit and so will other people. Idaho and Arizona are so close and have made the day to day living much more affordable than Oregon. Do not pass this. This is not what Oregonian want.
