

Submitter: Susan Yraguen

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

As an Oregonian I strongly Oppose this measure!! It will Kill Oregon's Business!
We all know and have experienced, when businesses are thriving they are the ones
who support local charities and schools!

Without local business thriving there are NO communities!!

We are already experiencing mass exodus to other states of businesses because of
bills like this.

Stop the Tax regulations and restriction Madness and get Oregon businesses and
communities thriving!
