Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I and my family thoroughly OPPOSE this tax hike that will ultimately cause many of us to move out of this State. You believe the solution to all of your problems is TAX TAX TAX! We already have the highest property taxes in the Nation. I can't believe that Oregon Lawmakers want to make Oregon famous for the worst tax to income ratio- let alone we already have the worst record in education. You should be looking at where all the money is being spent right now and streamline wasteful spending before ever proposing to hike taxes on people already struggling to make ends meet. Democrats...do something RIGHT for a change.

Do not pass this tax hike and make Oregon worse than it is right now. Businesses are leaving. Families will be leaving, too.

Shelley Greenwood
