On Behalf Of: Overburdened and Overtaxed Oregonians
Committee: Joint Committee On Transportation Reinvestment
Measure, Appointment or Topic: HB2025

Please vote NO on HB 2025 A

The process to get to this bill to this point has been underhanded and unworthy of being called Democratic. Go back to the drawing board with equal numbers of those for and opposed ,regardless of party designation, and come up with something that fits the needs of all Oregonians throughout the state. Pushing an agenda driven by power dilutes comprehension and compassion. If a person in Vale, Oregon needs transportation to Ontario , Oregon to see a doctor then make medical transportation available not an unnecessary overbuilt transportation system that financially squelches the very people that need the help.

Very truly yours,
