

Submitter: Lisa Nunnellee

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Stop wasting money. Stop remodeling state owned buildings for millions of dollars when everyone works remotely. You nickel and dime us, but your procurement departments take ridiculous bids when good people can do the jobs for half the price, or comfortable office chairs can be purchased for \$100 at Office Depot and not \$500 for a crappy office chair from a "bid winner". So much wasted money in state offices. Don't even get me started on paper use and "going green".
