

Submitter: David Cordon

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I cannot afford to pay more to the State of Oregon. Everywhere I turn the government is taking my hard earned income. My family finances are already hanging on by a thread. When is enough enough? As a born and raised Oregonian, I'm sad but the thought that I may not be able to afford live here anymore. I've already been forced out of the city to rural living so I can afford a home, that's really a rental from the government. What does it cost just to exist in Oregon? Too much!

Please do not raise taxes and fees on Oregonians!

Please use wisely the \$70 BILLION budget already at your disposal.
