This bill will be a detriment to all Oregonians. We have been taxed to oblivion already. Its time to DOGE Oregon's finances before a penny more is given. There is zero accountability from democrats. How does any of this pencil out? Boston Massachusetts December 16th 1773 should be a good indicator of the direction things are going. STOP THE WASTEFUL SPENDING! STOP TAKING EVERYTHING THE CITIZENS HAVE WORKED THEIR LIVES FOR!
