Measure, Appointment or Topic: HB2025

I'm really worried about HB 2025. At my age, eighty-eight, I'm barely scraping by on my social security and a small pension. This bill's gonna raise costs—healthcare, utilities, you name it—and I just don't have the wiggle room. I'm already choosing between groceries and my heart meds some months. If this passes, I'm scared I'll end up skipping more meals. Please, think about folks like me who can't afford another hit. We've worked hard all our lives, and now it's just too much. I hope you'll vote no.
