

Submitter: Joanne Doyle

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please do not raise taxes on the diminishing middle class. All of these proposed taxes will make it harder and harder for Oregonians to make ends meet. The party in control needs to start really thinking about how this hurts All Oregonians. Taxing our way forward is not the solution. Cut your spending to waste in the government.

Sincerely

Joanne Doyle.
