Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

The cost of living in Oregon is already too high. This outrageous tax bill would add to that burden not only in the tax itself but it would raise the price of every product and service in Oregon. The cost of delivering any product or service would go up. Those costs would have to be covered by those receiving the product or service. The vendors would add those costs to the price of the product or service.
