

Submitter: Herb Stahl

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

HB2025 will be so incredibly destructive to farms and businesses and their families across the entire state of Oregon. Please recognise the burdens you are placing on everyday working people and families. You need to realize at some point you're going to kill the "golden goose" and she will no longer be laying "golden eggs".
