On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: HB2977
Members of the Committee:

Please support this Bill. HB 2977 will help Oregon's wildlife and wildlife habitat with minimum cost to Oregonians. Our wildlife and gorgeous wild areas are a major draw for tourism, and this small increase in lodging tax will benefit both ourselves, our visitors and especially the wildlife so reliant on a habitat which is suffering degradation and loss.

Thank you for supporting HB 2977.
