On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

this taxing must end. The well of the people is dry. Oregon has become nearly unlivable because of that unrelenting taxation. At current levels our roads and bridges should be pristine. it has all become absurd. Start with cutting deeply end things that do not need to be done outside of street and bridge maintenance.NO NEW TAXES AND NO ADDITIONS TO CURRENT TAXES.
