

Submitter: Danny ONeal  
On Behalf Of: Every tax paying resident  
Committee: Joint Committee On Transportation Reinvestment  
Measure, Appointment or Topic: HB2025

This is nothing more than a regressive tax on the very Oregon residents that are already taxed to the max. Be smart and stop this albatross now. While nationally taxes are going to decrease you raise taxes. Keep this up and more people will have to escape the burden of taxing by moving to more welcoming places.
