

Submitter: Dennis Stoecklin

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Stop doing damage to the citizens of Oregon!!

We are starting to look and act like California. Raising taxes and fees are not the answer to the problem.

When we cannot live within our means we need to examine everything that we do and prioritize our resources.

Business do this all the time - very effectively.

Just try it - ONCE!!
