

Submitter: Ramona M

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Stop making an already high cost of living state worse. Start using all the tax money you already get correctly. It is hard enough on the people of Oregon. I work in payroll and I hear all day long the trials of cost of living from coworkers struggling to live here and feel the pinch for myself and family as well. You do not need more taxes you need to stop wasting and being fraudulent with our dollars.
