On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

To the people that this concern.

You want businesses to come to Oregon, you want people to move to Oregon but you want this astronomical tax. This will have people moving out and businesses leaving because they cannot afford to live or work here. So please think hard about this before you do this. The money is already there you just have to use it correctly. So please I love my state and I do not want to be forced to move, but I will if you pass this bill.

Darlene Huckaby
