Measure, Appointment or Topic: HB2025

I and my family oppose HB2025. We are already taxed too much in Oregon and as I understand some of the highest taxes in the USA. Like the residence of Oregon are forced to be, the State needs to learn to be more efficient with their finances and suck it up. Stop the wasteful spending and live on a budget. Cut overheads, bureaucratic, fire inefficient workers, and just do a better job. The State is already taxing businesses out of the state and more people all the time. It is ridiculous and laughing stock of the USA. I was raised here and love the scenery and weather, but really starting to think about leaving due to leadership of the State.

As noted we strongly oppose any tax raises.
