

Submitter: Stephen Kassis

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Stop Spending Money We Don't Have! For years the Democrat controlled legislature in Oregon has continued to tax and spend. The taxpayers are done with waste, fraud and abuse in our State government. Instead of finding ways to reduce costs, our legislators just ask for more money. Hard working families that have to pay for your spending habits are struggling to budget every month. The legislature should be doing the very same. If you don't have enough money, then find ways to cut back. All of us that pay taxes have to do it that way!
