

Submitter: Richard OSTERMAN

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

We don't need more tax increases for transportation...ODOT just needs to do their job better with the funds they have...and tell us what you are spending our tax dollars on...let's have a full report from ODOT about what they're doing with our tax dollars...we already pay high enough taxes in Oregon, just stop the tax increases....
