I a firmly opposed the 11.5 Billion Dollar Tax bill being proposed. This will hurt families and retired seniors. It is my understanding that the Democrats are proposing a tax bill that will increase the taxes on Gas by 30%, on Title fees by a whopping 305%, on Registration fees by 74%, and Car Sales Tax by a horrendous 350%. If this is what the Democrats want to do, how could I ever vote for another Democrat ever again>
