Measure, Appointment or Topic: HB2025

As a resident of Oregon, I oppose HB 2025. It is a massive bill which will increase the living cost to me and my family along with every Oregonian. Oregon cannot afford this cost increase as our state has the 8th highest cost of living in the nation. Many Oregonians can't even afford basic necessities currently.

Instead, I would ask you to support and pass House Bill 3982. This transportation bill would cost Oregonians nothing, while focusing ODOT on its core mission: maintaining road and bridges.

I will remember those who voted in favor of HB 2025 when elections come around, as they always do. If this bill passes and becomes law, I will support any effort to repeal this law.

Thank you for your consideration to this very important matter.
