Hi my name is Sophia Claremont, I'm 22 years old, a born and raised Oregonian and married. I absolutely oppose and am disgusted with what the democrats are doing to Oregon. Democratic politicians and their policies have made it nearly impossible for a young person/ family to buy a house and settle down in this state, let alone buy groceries and gas to even survive here. Me and my husband work our butts off every single day, he works 60 hour or more weeks and I work 40, just to what? Drive to work to work more? We can barely afford groceries and gas let alone a home and we barely have any left over time! Taxes already take so much of our hard earned money yet you can't drive down a single road in Oregon without hitting a pothole... where are our taxes that we are paying now going? Politicians? Homeless? Over seas? They definitely aren't going back into the working community. We will not stand getting over taxed, over charged, and walked on any longer. Look at democrat run Portland for example- homeless everywhere, drugs everywhere, rampant crime and disgusting streets. Do you want all of Oregon to look like that? We as a community and a state need to start looking at the bigger picture and how we want our kids growing up. Stop supporting what hasn't worked for decades and make Oregon republican again.
