

Submitter: Victoria Marshall

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Good morning,

I am writing to oppose HB 2025. Gas prices are already too high, as are all other vehicle related fees. The citizens are in great financial trouble in this state because of over taxing. No government has ever taxed itself to prosperity, therefore this just feels punitive. Stop taxing our state to death.
