Oregon need leadership, not tax and spend mentality. Use the monies that you have wisely and prudently. We cannot afford to lose more businesses all to save some ill-conceived program that benefits very few people. Stop the tax and spend! I vehemently oppose this bill! These facts:

"Gas tax: up 30%

Title fees: up 305%

Registration: up 74%

Car sales tax: up 350%

will bankrupt Oregon. Do the job your were elected to do and find a solution that does not break the bank!
