

Submitter:

WILLIAM LOVELACE

On Behalf Of:

Committee:

Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Somehow the legislature needs to come to grips with the fact you are running business and jobs out of the State of Oregon with your tax policy's. I see where a door manufacture is leaving now, Dutch Brothers have left taking the best paying jobs in Josephine County with them, Intel is taking jobs away again. 3 or 4 mills have shut down in the last year. I say the legislature needs to wake up or all the good paying jobs will be gone.
