Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I OPPOSE HB2025. This is the largest tax increase in Oregon history. Oregon government is driving people out of the state by the thousands. If this bill is passed, even more citizens will leave. Spend the record revenue you already have wisely. STOP the evil taxing of the poor people of Oregon. You are drowning us in taxes! There is no evidence that Oregon will spend more revenue to the benefit of Oregonians.
