On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I Oppose HB 2025 with little to no oversight of ODOT an 11.5 Billion Dollar price tag. ODOT needs audits in my opinion a the waste of taxpayer money is staggering.

Not having a more meetings and a special vote is fraudulent to me We absolutely do not need more Taxes the super duper majority of Democrats is rampant in dealing out more taxes take and take not mention the abuses of the committee
