I strongly oppose HB2025. Oregon already ranks 6th highest in taxation. We do not need more taxes. We need better spending and budget management. Quit giving away money to support illegals, homeless, and drug addicts. Let's learn from the mistakes of California.

Gas prices are lower everywhere else but in Oregon. Adding more taxes at the pump and raising fees will cripple retirees and the middle class.

People are already leaving Oregon. Raising taxes by 11 Billion will drive even more businesses and the affluent out of state.
