Measure, Appointment or Topic: HB2025

I'm a owner of a small trucking business. The taxes that we are already paying is to much. Its all I can do to stay in business due to the high taxes and the increase of everything across the board. Should these higher taxes be approved we will have to shut the doors. I've been an Oregonian 65 years and the past 20 years under Democrat rule is ruining this state. God bless Christine for trying to help the blue collar workers of Oregon.
