

Submitter: Ryan Owens

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

HB 2025-28 is another bill aimed at over taxing your state industries that already pay MORE THAN their fair share!!! This bill is ludicrous considering Oregon is already the most expensive state to operate a trucking company in. I urge you to vote NO on HB 2025-28, it's unreasonable and will push more businesses out of state.
