Measure, Appointment or Topic: HB2025

I oppose this bill.

Oregon does not have a revenue problem as the budget has doubled in the last 10 years. Oregon has a spending priority problem, seeking to satisfy political agendas instead of good governance principles. Second, Oregon does not have a problem with authority to hold bureaucracies like ODOT accountable. Oregon has a problem of having no will to hold their organizations accountable. Look through the last few years of Oregon governmental failures and you will see that no one is fired or held accountable - the answer is always wanting to spend more taxpayer money. Oregon constituents can't afford current Oregon political priorities and a lack of will to hold the Oregon government bureaucracy accountable any longer. Please reject this monstrous tax increase and live within your means like your taxpayers must.

Thank you for your efforts.
