Measure, Appointment or Topic: HB2025

Please don't approve anymore tax increases on the people who live and work in Oregon. We are all so burdened by the over reach in many different areas. Our city's are raising property taxes to almost the max! And spending WAY too much in areas that are not beneficial and way too little on the important things. Our seniors citizens, single parents, widows and disabled individuals are simply Not able to keep up with the increases! The spending by elected officials IS causing the good people of Oregon into homelessness or forcing people to move out of state. This is hurting Oregon big time. Please please do the right thing! Do not approve this bill HB2025
